

INSPIRING SKILLS AND EMPLOYABILITY

presents

NORTH STAR

A SCIENCE SUMMER SCHOOL EVENT

SPONSORSHIP PACKAGES

Following the massive success of our previous events,
North Star Science School will return to
Gulliver's Valley Theme Park on 18 November 2026
to celebrate its seventh year here in South Yorkshire.

We're delighted to offer local businesses and organisations the opportunity to be part of this high profile event by sponsoring one of our workshop packages:

BUSINESS-LED WORKSHOP PACKAGE £5,250 + VAT

- Design and deliver an inspiring, hands-on workshop on the day of the event which attracts over 600 students
- Deliver up to eight 20 minute workshops to small groups, directly engaging with up to 200 students throughout the day.

CO-CREATED WORKSHOP PACKAGE £5,250 + VAT

- Work side-by-side with one of our schools to design a bespoke, co-created workshop you deliver on the day of the event. The school partnerships are scheduled to begin in Sept 2026 through to the event date
- Deliver up to eight 20 minute workshops to small groups, directly engaging with up to 200 students throughout the day.

North Star Science School is an amazing one-day live event for over 600 school children in years 8 and 9. The vision is to combine science with curiosity and play to stimulate and inspire the next generation to consider the fascinating range of careers in Science, Technology, Engineering, Art and Mathematics (STEAM).

We do this by bringing young people, educators, scientists and businesses together to explore the future by showcasing the cutting edge of science and engineering, and promoting innovation and opportunity in the South Yorkshire region. So far, North Star events have reached over 4,000 young people from across South Yorkshire.

North Star supports Professor Brian Cox's vision for the UK to become **"the best place in the world to do Science, Technology, Engineering, Arts and Maths"**.

Showcase your business to the Talent of Tomorrow:

- increase your social value and raise the profile of your business with your potential future workforce
- sponsor 20 students to visit
- gain exposure through inclusion in all pre-event promotional materials across social media and our website
- share your story with a featured blog post promoted on our digital platforms
- stand out with your logo and a 30 word business description highlighted in the official event programme, along with details of your hands-on workshop activity
- gain exposure to up to 200 primary-aged students, but with no extra time commitment from your business

To find out more about sponsoring and delivering a workshop at North Star 2026, get in touch with Peter Edwards or Beth Edley now:
